The club which celebrated its championship season last night was started in the fall of 1908. Several meetings were held in the city and a final meeting, of football enthusiasts was held in Union hall, Greeneville, at which the following officers were appointed: Reid McIntyre, manager: Hugh Finlayson, secretary: H. Andrews, treasurer: R. Walker, J. Fraser and the manager on the team committee. The club during its first season was quite successful, winning the majority of its games and only being defeated by the Lorraines of Westerly. In the fail of 1909 a meeting was called at which the Eastern Connecticut Association Football league was formed, comprising the following clubs—Sterling, Plainfield and Norwich. It was the intention to have Jewett City in the league, but that place was unable to raise a team, leaving the three clubs to play for the cup. The clubs were much stronger than in the first

Bottom Row—Capt. E. C. Hilton, Fin layson, Brown, Parsons, Manville.

The Norwich association football team, winners of the cup and championship of the Eastern Connecticut league, celebrated their successful season with a banquet Thursday evening at the Raiiroad hotel, Taffville, spending a highly enjoyacide evening with the good things provided on the menu and in the social time when speeches and songs came out in response to the calls of Toastmaster Reid McIntyre, who has been manager of the team through the season. Standing gracefully and securely in the center of the table was the large and handsome silver championship cup, provided for the league by the Sterling enthusiasts, and on which Norwich has now filed the first claim. It may become the property of any team winning it three times.

Flanking Toastmaster McIntyre at the head table were Captain Hilton and the sporting editor of The Bulletin, there being fourteen present all told, including William Kendall, whose picture of the team with the cup is reproduced herewith. The following well prepared menu was nicely served and thoroughly enjoyed:

Potato Balls season, especially Sterling and Plainfield, who had secured outside aid, but
Norwich came out ahead, winning
three out of five league games, only
being beaten at Sterling, given them
a good hold on the cup. No league
games were played this spring owing to
Plainfield and Sterling being unable
to place strong enough teams on the
field. As a result, Norwich won the
cup rather easily the first year.

During the league season Norwich
was determined to win the cup and it
was the harmony and good feeling that
prevailed among the players that led
to the team's success. The games of
1908-09 were played on Sachem park,
the use of the grounds being kindly
granted by Rev. Father Treanor. From
a financial point of view the club did
not meet with the success it deserved.
The largest attendance at any game
was seldom over one hundred, with
the result that the team was transferred to Taftville, playing on the
Providence street grounds, where the
success has been greater. As showing the popularity of the game, in
Glasgow, Scotland, on the 2d of April
of the present year 120,000 paid to see
the great international between England and Scotland, which Scotland
won by two goals to none, being one
of the finest games ever played between the countries.

FINANCIAL AND COMMERCIAL

PRICES CARRIED UPWARD. Profound Duliness Showed Distrust of Recuperative Power.

New York, April 21.—The stock market today was relieved to some extent from the active weakness which sent prices rapidly downwards the day before. The profound duliness which overcame the dealings at the advanced level of prices was a more striking feature than the recovery itself, and had its effect in begetting distrust of the recuperative power of the market. The demand which carried prices upwards was ascribed to the bear element in the speculation, which had been selling stocks freely since the opening of the week and which saw profits accrued on the short side by buying to cover. There was no more positive factor discoverable in the buying.

The rubber craze in Loudon and the inflation of credits presumably accom-New York, April 21.-The

inflation of credits presumably accom-panying it are believed to be relate to the solicitude manifested by the Bapk of England to continue the ac-Bapk of England to continue the ac-cumulation of gold reserve. The great-ly strengthened position revealed by the bank in the weekly return today was accomplised by drawing in mar-ket resources as well as by imports of gold by payment of a premium over the market price. The increased con-trol of the money market thus effected puts the bank in a position to make its own discount rate to advance the rate governors elect to advance the rate governors elect to advance the rat The private discount rate in Londo hardened today, in spite of the nota-ble recuperation of the Bank of Eng-land. Furthermore, additional gold was engaged in New York for ship-ment to London on Saturday, with prospect of a continuance of the move-ment.

ment.
The unresponsivenes of the New York call money rate to this movement is looked upon with some suspicion of a fostered case.

The controller's abstract of nationa bank reports as of March 29 disclosed the heavily expanded state of bank loans the country over. The increase in the loan item since the preceding report of January 31, reached \$292.589. in the loan item since the preceding report of January 31, reached \$202,589,719, the New York clearing house banks being responsible for but \$23,336,400 loan increase in that period The comparison with a year ago of April 28 shows loans increased for the whole country \$43,661,401. On March 26 New York clearing house bank loans were less than \$100,000,000 in excess of those in the last week of April

cess of those in the last week of Apri 1909. The heavy requirements thus re vealed on the interior banks are hel to account for the spirit of reserv manifest in the New York money man manifest in the New York money market at the present time.

A factor in holding the speculation in check is a desire to admit the response of the market to the dividend action on United States Steel next week. The discussion of reducing pigiron production was responsible for a break in Great Northern Ore certificates in today's market.

Bonds were heavy. Total sales, par value, \$1,908,600. United States bonds were unchanged on call.

Those familiar with the league for the last two years will recognize at once that the teams will be very much the same as last year, with new men added to strengthen weak places. All of the teams present a very desirable list of players, and there is not a doubt that the season, which opens on May 7, will be the fastest one in the history of the organization. The managers are all at work whipping their material into shape, and everything will be in readiness for a gingery opening two weeks from tomorrow.

FISHER FINDS BALL PARK FOR MIDDLETOWN TEAM. Everything Lovely Now for Trolley League Team There.

Secretary George J. Pisher of the new Connecticut baseball association has discovered suitable grounds for the Middletown baseball team and work will be commenced right away of erecting a grandstand and enclosing the field with a fence.

This disposes of the question of grounds, says the Middletown Sun, which certain so-called baseball enthusiasts have declared from time to time would prove to be the Waterloo of the Middletown team. Several good players have been signed, and more are in sight, but Mr. Fisher does not care to sing any more men until some of the crack players in Middletown and vicinity are given an opportunity of playing on the team.

The players that are already signed are Clark Sharple, an infielder, who halls from the Green mountains of Verment; George J. Buckles, a second baseman from Portland, Me., and Floyd E. Stewart, a promising young twirler from York state.

Regarding the manager of the team, matters are now in such a shape that dally announcement may be expected. It is practically certain that former well known state leaguer will be at the helm. Negotiations have been under way for some little time, and several conferences have been held, so that a satisfactory answer may be looked for.

PAWCATUCK BOXING BOUTS. Three Good Bouts-No Decisions

Given.

At the Pawcatuck Athletic club on Thursday evening a large crowd of sport enthusiasts saw three good boxing exhibitions. No decisions were given. The main go was eight rounds between Arthur Wright of New London and Joseph Flaherty of Lowell. They were evenly matched and the sparring was clever, Abe the Newsboy was on with Young Falvey of New London, and their six round exhibition got a big hand. Tucker and Smith, both Westerly Soungsters, put up a lively four round bout.

It was announced that Austin Rice and Abe the Newsboy, both of New London.

London, have a ten round go on in Pawcatuck early in May.

CITY LEAGUE NOTES.

Manager Miller's Greenevilles so against Moriarty's Jewett City Independents again this week on the Cranberry. The Greeneville manager predicts another defeat for Jewett City. Young Poli Clish, who caught three innings for the West Ends in their last game, is touted as one of the coming backstops of the amateur ranks.

coming backstops of the amateur ranks.

"Slim" McClafferty, Greenevilles first baseman and captain, has been unconditionally released by Manager Miller. Jim McClafferty is to captain the team and cover first.

Rouse, a backstop with a good local reputation, has been signed by Manager Clish for the West Ends,

When the West Ends meet the K. of C. team at Montville on Sunday, local followers can get a line on what Manager Clish and Captain Brennan will have to offer.

"Slim" McLutyra the clever first sacker, has been signed to cover the bag for the West Ends.

to John J. McGrath, the state amateur
champion, is to go up against McGrath
again this evening in a 150-point game
in the West Thames street saloon
where McGrath has played a number
of games. McGrath beat the Taftville
man by three balls in their former
game and Dugas is out to demonstrate
that he can turn the tables.
